Introduction

Science is not only about mere logical facts and technical figures. Science is about innovation, it provides the power to imagine and hence, create. Science is the poetry of reality. With this spirit, the Science Association of Shri. Dhokeshwar college, Takali Dhokeshwar, takes pride in bringing science to life by accommodating students with a keen interest in science, and providing them with the platform to showcase and even sharpen their skills. Established with an aim to foster interest for science, it sparks out fuel in the mind of science students, who seek to recognize an interest in scientific activities, and it further nurtures this interest with the help of inter and intra college extra-curricular activities. This session is not an exception. The association has conducted a wide range of activities throughout the academic session.

The basic requirement for any country or society to set up model for development is new technology and that will be impossible without investment in science. So, this association serves as a platform for manifestation of the scientific aptitude of the students while indulging in healthy competition and other festivities throughout the year. We try to encourage each and every student from the disciplines of Mathematics, Physics, Chemistry, Botany, Zoology and Electronics departments to be a part of the association. Lastly we would like mention that we will be more than happy to have you by our side in our future journey.

Vision

- To create an atmosphere for the students who are having the thirst for knowledge in science and its applications to day-to-day life
- Aimed to bring the scientific environment in the college and make every student involve in the activities either as an individual or as a team
- To enhance the learning situations for the students by the experts from India and abroad in the field of science.

LIST OF ACTIVITIES

We conduct various unique activities to promote and develop scientific and logical thinking.

*Programme Report on Science Association Inauguration function, Rangoli Competition
And Flower Arrangement Competition*

The **Science Association Committee** organized the various programmes for the Science faculty students under the guidance of Hon'ble Principal Dr. Jadhav S.S. The main objective of the science association was to develop the student's interest in Science and to enhance their different skills by organizing various activities in college. For academic year 2017-18, Mr. Gaikwad S. B. had worked as the coordinator of science association Committee.

The Principal Dr. Jadhav S.S had felicitated the Chief guest, Hon'ble Mr. Khandeshe G. D., Secretary, Ahmednagar Jilha Maratha Vidya Prasarak Samaj's, Ahmednagar, and Hon'ble Mr. Dare Ramchandra, Treasurer. The science association Committee had organized **Science Association Inauguration function** on 11th, August 2017. It was inaugurated by Hon'ble **Chief Guest Mr.Kale. V. S.** (Department of Botany), New Arts, Commerce and Science College, Ahmednagar., Mr. Gaikwad S. B. gave an introductory speech. Mr.Kale.V.S. had guided the students about future scope in science and career opportunities in science stream. Mr. Karande S.B. had proposed a vote of thanks. For this function, more than 190 students were present for this programme. On the occasion of Inauguration, committee also had organized two another programs such as Rangoli and flower arrangement competition. Rangoli Competition had inaugurated by the Chief Guest Hon'ble G. D. Khandeshe, Rangoli Competition had organized by Mrs. Date S. S. and Mrs. Salunke M. B. 30 groups of students were participated in different competition activities.

Flower Arrangement Competition had inaugurated by Hon'ble Ram Chandra Dare, Flower Arrangement Competition was organized by Mr. Thakar N. A. and Mrs. Ayanar A.T. in which 34 groups of students were participated by using different flowers available in surrounding environment.

Report on - Participation in Avishkar-Zonal Level Research Project Competition.

The **Science Association Committee** motivates the science faculty students to participate in various research competitions. Avishkar-Zonal Level Research Competition is a district level competition. In Academic year 2017-18, five groups of students had participated in the project competition, organized by Radhabai Kale Mahila College, Ahmednagar on 12th December 2017. Avishkar-Zonal Level Research Competition was sponsored by BCUD, Savitribai Phule Pune University. Students from various colleges had participated with their project models and charts/posters. The research fund was also provided by BCUD, Savitribai Phule Pune University to students at college level. At College level, Mr. Gaikwad S.B., (Department of Physics) had been appointed as the coordinator and controller for Avishkar Projects Competition under the guidance of **Science Association Committee**. Different innovative and application based research projects were prepared by the students under the guidance of teaching faculty. The selected students and their project models and charts were sent to the Avishkar-Zonal Level Research Competition.

Program Report on - Group Discussion

The **Science Association Committee** inspires hundreds of students to get them participated in various competitions like Group Discussion. In Academic year 2017-18, Group Discussion program had been organized by Mrs. Thakar Neha, Mr. Kutal.Atul and Mrs. Iyanar Aasha on 29th, December 2017. In the group discussion, 4 groups of students from different departments of science faculty had participated the event. Each group in group discussion consisted of 15 students. In group discussion, two groups verses two other groups were debating on certain issues as decided by the committee. The group discussion was supervised and evaluated by the examiners. Mrs. Date S.S.(Department of Physics) had worked as the examiner. The winner group of students was awarded with the prizes and certificates on The National Science Day Programme, '28th February. “

Program Report on - Seminar Competition

The **Science Association Committee** had organized the Seminar Competition for science faculty students to enhance their teaching skills and learning goals. In Academic year 2017-18, the (seminar competition was an extra-curricular activity organized twice in a year. In First semester, Seminar Competition was organized by Mrs. Satpute Y. R, (Department of Electronics) on the 29th, December 2017. In Seminar Competition, 10 students from different departments of science faculty had participated and students discussed their topics using their good communication skills with the audience. Mr. Sayyed N.S had worked as the observer and examiner for the seminar competition. In the Second semester, a seminar competition was organized by Mr. Karande S.B., (Department of Chemistry) on the 15th February 2018. In the Competition, 15 students from each group with different science streams had participated in the activity. The response from the audience was too good.

Program Report on - Scientific Quizzes

The **Science Association Committee** had organized the Scientific Quizz Competition to enhance students' self-confidence, memory recall power and interdisciplinary skills within the students. In Academic year 2017-18, Science Quiz was organized by Mr. Dalavi Samir, (Department of Zoology) on 29th December 2017. In Science Quiz, 4 groups of students from different classes like first, second and third year science faculty were participated. Each group of students consisted of maximum 15 students. Totally, 59 students were participated within four groups. The questions in Quiz Competition were displayed on the projectors Screen and were sequentially and frequently asked to each group. Students' performance was immediately recorded by the examiner. Mrs. Gagare Aboli, (Department of Mathematics), had worked as the examiner. The winner group of students had been awarded with the prizes and certificates on National Science Day Program, 28th February.

Program Report on - Soft Skills Development Program.

The science association Committee had organized Soft Skills development program on the 06th January, 2018. On different subjects like Positive attitude, interview techniques, motivation, communication skills and body language for science faculty students .The function was organized by Mr. Tingare S.A.,(Department of Electronics). This program was arranged in two sessions. The speaker for first session was Principal, Dr. S. K. Aher, (Shri. Mulikadevi Mahavidyalaya, Nighoj) had delivered a lecture on 'Interview Techniques'. He had given an idea about how to prepare and face the interview, how to create Resume. In the second session, speaker was Mr. Bhausahab Narsale, (Department of Chemistry), New Arts Commerce & Science College, Ahmednagar., had delivered a lecture on "Positive Attitude". The President of the program was Hon. Principal Dr. Shridher Jadhav, (Shri. Dhokeshwar College,Takali Dhokeshwar) .The introductory speech was given by Mr. Gaikwad S. B. The anchoring of program was done by the student Miss. Shital Nivdunge. In this program, the chief guest had motivated and demonstrated some soft skills techniques to the students by using power point presentation. At the end, thanking speech was given by Mr. Dalavi S. D.

Report on Inauguration of science

Date- 12th August 2019

The **Science Association Committee** organized the various programmes for the Science faculty students under the guidance of Hon'ble Principal. The main objective of the science association is to develop the student's interest in Science and to enhance their skills by organizing various activities in college. The science association Committee had organized **Science Association Inauguration function** on 12th, August 2019. It was inaugurated by Hon'ble **Chief Guest Dr.Patil D.B. (Prin. Radhabai Kale Mahila College, A.Nagar)**. Mr. Walhekar N.M. gave an introductory speech. Dr. Patil D.B. had guided the students about scope and opportunities in science. Mr. Gaikwad S.B. had proposed a vote of thanks. For this function, more than 165 students were present for this programme.

1. **President speech by Dr. Matkar L.S.**
- 2) **Dr. Patil D.B. interacted and guided the students**

विज्ञान हे परिवर्तन घडविणारे शास्त्र : पाटील

टाकळी ढोकेश्वर : वार्ताहर

विज्ञान हे परिवर्तन घडविणारे अतिशय विनम्र शास्त्र असून, ते सतत बदल स्वीकारते, असे प्रतिपादन राधाबाई काळे महिला महाविद्यालयाचे प्राचार्य डॉ. दिनानाथ पाटील यांनी केले.

टाकळी ढोकेश्वर(ता.पारनेर) येथे श्री. ढोकेश्वर महाविद्यालयात विज्ञान मंडळाच्या उद्घाटन प्रसंगी डॉ. पाटील बोलत होते. अध्यक्षस्थानी प्राचार्य डॉ. लक्ष्मण मतकर होते. राधाबाई काळे महिला महाविद्यालयाचे उपप्राचार्य डॉ. भाऊसाहेब ओटी, प्रा. बुचुडे उपस्थित होते. प्रास्ताविक प्रा. प्रशांत मूर्तडक यांनी केले.

याप्रसंगी डॉ. पाटील म्हणाले की, सजीवांच्या उत्पत्तीपासून आजपर्यंत

झालेला सर्वच बदल म्हणजे विज्ञान होय. जगावर अभिराष्य गाजवायचे असेल, तर त्याला एकमेव पर्याय म्हणजे विज्ञान होय. अमेरिका खंडाचा शोध सर्वांत उशिरा लागला असला तरी त्यांच्या विज्ञानाच्या प्रगतीने मात्र आज ते सर्वांत पुढे पोहोचले आहेत. छत्रपती शिवाजी महाराजांनी सुद्धा विज्ञानाची साथ घेत एकवेळी अनेक दुश्मनांवर विजय मिळविला होते. विज्ञान कितीही मोठे झाले, तरी मात्र निसर्गाशी बरोबरी करू शकत नाही किंवा निसर्गासमोर विज्ञान तग धरू शकत नाही आणि तसा प्रयत्नसुद्धा कुणी करू नये, असा सल्लाही डॉ. पाटील यांनी दिला.

सुत्रसंचालन प्रा. नामदेव वाल्हेकर यांनी, तर आभार प्रा. डॉ. थेटे यांनी मानले.

Report on Science Exhibition

On the 22nd January 2020, Science association had organized a science exhibition. A number of students from various classes had participated in the exhibition. The science exhibition was held in memory of Dr A.P.J. Abdul Kalam's birthday. The chief guest for this exhibition was Mr. Gangad.A. The Principal of the college gave a commencement speech. As the exhibition started, various students presented their projects Mr. Gangad.A., with the Principal, went around looking at the different models designed by the students and assessed the descriptions given by the students. Mr. Gangad gave a speech on the importance of the contributions of the young generations to the field of science and technology. At the end of the exhibition, having careful inspection of the different models and projects, Mr. Gangad.A. had selected three projects. Everyone who had participated in the exhibition had been given certificates and mementoes for their excellent efforts. The exhibition ended with the Principal's delivering a speech extending his gratitude to Mr. Gangad and congratulated all the students who had participated in the exhibition.
