Name of Department: Political Science

A brief Annual Report of Student Mentoring:

The Mentor Mentee Cell of the college has allotted me 26 mentees in the academic year 2023-24. As per the policy of the cell the mentees were guided during the interactions throughout the academic year. The houses of the local mentees were visited, and interaction were carried out with the parents. The issue related with the academic progress of the wards were at the center of the discussion.

The students who were outside got contacted telephonically, interacted on campus throughout the year and guided for their academic progress and for the competitive examinations. They were also guided for project and case studies and given training for interview to prepare for employability at the end of their sessions. They were given question bank and ready to study notes to make them feel comfortable in facing the theory examination.

This system indeed proved very helpful to explore the realistic difficulties of the students in the campus. They were informed about facilities and support services available in the institution. Their disturbing family issues, parental disputes and state of mind could be softened due to this practice.

Counselling for career guidance and skill development were given to the mentees on WhatsApp.

Throughout the academic year 2023-24, the student mentoring cell of the college diligently oversaw a group of 11 mentees. These mentees received personalized guidance during various interactions over the year. Two crucial meetings were held to delve into their academic objectives and career aspirations, enabling mentors to strategize on overcoming any hurdles they faced. Additionally, discussions with parents were conducted to address concerns regarding the academic progress of their children. Through telephonic and on-campus interactions, both students and parents received continuous support and guidance, covering various aspects such as academic progress, preparation for competitive examinations, engagement in college activities, and assistance with projects, case studies, and interview preparation for future employment opportunities. They were provided with question banks and comprehensive notes to bolster their confidence in tackling theory examinations. This holistic approach proved invaluable in addressing the practical challenges faced by students transitioning into college life. Mentees were acquainted with the institution's resources and support services, while issues such as family disturbances, parental conflicts, and emotional distress were addressed with care and understanding, ultimately easing their transition into campus life.

A brief Annual Report of Student Mentoring

The mentor mentee cell of the college has allotted me 13 students in the academic year 2023-24 according to the policy of the cell counseling and visit where made also the interaction between parents students and mentor successfully done in the session, it was a great idea to visit the mentee house parents satisfactory and openly discuss with us the also appreciate that the college is taking extra and useful step towards the well being of there department.

Students undergo various problems, they meet at regular interval to discuss, clarify and share various problems which may be personal, domestic, academic etc. Evidence of success of the practice includes better results in the examinations, more regular attendance, increased participation in co-curricular activities, better discipline on campus and respectful relationship between teachers and students. The end of the academic year, the mentor could observe an improvement in the learning performance, language skill.

A brief Annual Report of Student Mentoring

During the academic year 2023-24, I was allotted with the 11 mentees of the FYBSc class by the mentor mentees sale of the college. As per the policy of the cell the allotted mentees where guided during the interactions throughout the academic year. A form containing information and interests of the students in this group was filled. After preparing their profile, the first meeting was held on 11 September, 2023. 11 out of 09 students were present in this meeting. Wackchoure Swapnil, a student from Takali Dhokeshwar village does other work along with his college studies so he neglects his studies. Walunj Sejal got married. As the issue of distance from home town (Wadgav Savtal) to college Wavhal Komal and Wavhal Shital, they do not come to the college regularly. Understood their difficulties and brought them to the notice of the principal and resolved them.

Second semester meeting was held with the mentees on 26 February, 2024. All students were present for this meeting. In this meeting, filling of exam form for second semester, scholarship form and internal evaluation examination were discussed. In this regard, the problems of the students were collected and resolved. Mentor mentees tried to solve their academic problems by interacting with the students under the initiative. Accordingly, we are submitting the report and request that it be accepted.

MENTORING REPORT (2023-2024)

Mentor (Teacher) Name: Tikone Komal Subhash

Group No.

SDC S.I

Designation: Asst. Prof.

Name of Department: Chemistry

REPORT

- Apart from the mentoring sessions conducted for all the mentees in common, individual mentoring was done to mentees who were identified as slow learners and advanced learners.
- The performance of some of the mentees was below the average level of performance of the whole class. The mentoring sessions helped to identify the cause of the poor performance and the mentees were helped to overcome their learning difficulties after a few personal mentoring sessions.
- The mentoring sessions switched over to offline mode later, when regular offline classes were held in the campus. During these sessions too, the mentees were groomed to improve their soft skills like personal skill, language skill, social skill etc.
- The mentees were motivated to participate in the various competitions organized within the college and by other colleges.
- Mentoring sessions were planned to motivate the mentees positively, to believe in their potential, do their best and adapt to the changing circumstances.

Some of the issues shared by the mentees personally and in common:

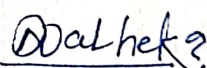

- One of the mentee was mentally depressed as she was a child of separated parents.
- Another mentee confided that she could not concentrate on her studies due to the feeling of being left out in the family.
- A couple of students had difficulty in understanding certain topics in Chemistry.

Solutions for the issues shared by the mentees personally and in common:

- Mentees in need of psychological support were advised to meet the college counselor.
- Extra classes were arranged for students having difficulty in catching up with the topics in mathematics.

A brief Annual Report of Student Mentoring

The Mentor Mentee Cell of the college has allotted me 11 mentees in the academic year 2023-24. As per the policy of the cell the mentees were guided during the interactions throughout the academic year. The houses of the local mentees were paid the visit and interaction was carried out with the parents. The issue related with the academic progress of the wards was at the center of the discussion.

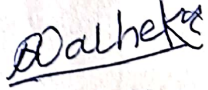

The students who were outsiders got contacted telephonically, interacted on campus throughout the year and guided for their academic progress and for the competitive examinations. They were also guided for project and case studies and given training for interview to prepare for employability at the end of their sessions. They were given question bank and ready-made notes to make them feel comfortable in facing the theory examination.

This system indeed has very helpful to explore the realistic difficulties of the students as fresher in the campus. They were informed about facilities and support services available in the institution. Their disturbing family issues, parental disputes and perturbed state of mind could be softened due to this practice.

A brief Annual Report of Student Mentoring

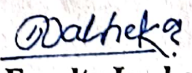

In the academic year 2023-24, the Mentor Mentee Cell of the college allotted 13 mentees to me. As per the policy of the cell, I made visits to local mentees home and interacted with the parents. During the interactions, the reasons of absence were discussed with the mentees in presence of their parents. In addition to this, issues related to the academic progress of the learner were discussed. Such interactions helped to understand the socio-economical background of the mentees. Further, the allotted mentees were guided during the interactions.

The outstation students were regularly contacted telephonically as well as consistent interactions were made within campus throughout the academic year. They were guided about variety of issues related to their academic progress, as and when required. They were given academic notes along with the additional study materials as well as previous year question papers to raise their confidence for theory examination. Mentees were informed about the services and support facilities available in the college.

A brief Annual Report of Student Mentoring

The mentor mentee cell of the college has allotted me 11 students in the academic year 2023-24 according to the policy of the cell counseling and visit where made also the interaction between parents students and mentor successfully done in the session, it was a great idea to visit the mentee house parents satisfactory and openly discuss with us the also appreciate that the college is taking extra and useful step towards the well being of there department.

I meet their parents goes to their home at that time their parents had an complaint and told me that, their sons and daughter does not studied properly that times I suggested to the students is that if they have any difficulty related to the study or any subject, so they asked with me, so that I get them to proper guidance and also said that, they regular visited to the library. The issues like fear for examination was sold by providing the notes and pattern and university question paper so that they feel comfortable.

A brief Annual Report of Student Mentoring

In Shri Takali Dhokeshwar College within Botany Department I have been working from 2022-2023 on the post of Assistant professor; as a mentor for an educational year 2023-24 about 11 students from F.Y.B.Sc. have been allotted to me as mentees.

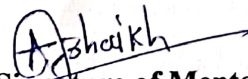

I have conducted two meetings of these mentees on 27th February and 27th March 2024. During these meetings I have tried to analyze various problems of students. Students also supported me by sharing their mental, economical problems with me.

According to Agenda of each meeting various topics including An Attendance, Stress Management, Career Enhancement, Problem analysis; creating a study Schedule and skill development were discussed in well manner. In free time too students were coming to me to clear basic concepts and for taking career Guidance.

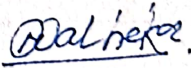

After these events ; now I could see huge changes in them within their Personality, Communication skill, Computer skill, Physical fitness and mental health.

It was a great experience to be a mentor for an educational year 2023-2024.

A brief Annual Report of Student Mentoring

During the academic year 2023-24, Prof. Rohokale S.L. worked with 11 students of the Second Year B.Sc. class under Mentor Mentee activities.

All the parents of our college students are regularly asked to visit the institution and interact with the concern faculty and administration. They are also suggested to interact with their children's and discuss about their academic progress, the type of facilities and activities available in the College. Apart from this they are asked to regularly check the mental and physical health of their child & keep watch on the friend circle of their ward. I was in regular contact with my mentees as a mentor.

I made a contact in person with the students and a with their parents collecting the feedback from the students & Parents is a crucial step of Mentor-Mentee Scheme. The feedback forms were distributed among the above said students and were asked to resubmit there within stipulated time.

A form containing personal and educational information and interests of the students in this group was filled. And after preparing their profile, the first meeting was held on 11 September 2023. 11 out of 9 students were present in this meeting. Bhondave Shubhangi, a student of Malkup village is married. As the distance of Badagar Rahul and Gagare Sujit from the college is far, they do not come to the college regularly. Understood their difficulties and brought them to the notice of the principal and resolved them.

A meeting was second semester held with the mentees on 26 February 2024. 10 students were present for this meeting. In this meeting, filling of exam form for second semester, scholarship form and internal evaluation examination were discussed. In this regard, the problems of the students were collected and resolved. Bhondave Shubhangi, a student, was facing difficulty in filling the exam form. His problem was solved by college non-teaching staff member Mrs. Dongre. Mentor mentees tried to solve their academic problems by interacting with the students under the initiative. Accordingly, we submit the report and request that it be accepted.
